

2010 Reining Australia Hall of Fame Recipients

2010 - Jessie's Koolibah

The breeding stallion that stamps his foals in a uniform manner with highly desirable traits is said to be prepotent. Prepotent stallions out of the past like King P-234 and Three Bars, have done their part to improve the Quarter Horse breed in the United States and overseas.

For twenty years Jessie's Koolibah sired approximately one hundred and fifty foals that carry their sire's prepotent trademarks - great head, great hips, great bone, straight legs and high intelligence. Koolibah foals have excelled in every field of horse activity, including Cutting, Reining, Campdrafting, Rodeo timed events and Halter classes.

During his own long and distinguished show career, Koolibah won championships in every area of performance and halter events. In recognition of his achievements, Koolibah has received many awards from both the Australian Quarter Horse Association and the National Cutting Horse Association including the following: ROM Halter, ROM Performance, ROM Cutting, Special Certificate of Ability Cutting, Certificate of Merit Cutting and Superior Cutting Horse Award.

Koolibah was sired by the famous NCHA Hall of Fame champion, Mr Jessie James IMP and is out of the famous top producing broodmare Kool Dell by Clover Koolibah, who was by the legendary Clarence Robinson IMP. All great stallions have great mothers and Koolibah had a great mother.

Purchased by reining horse professional John Wicks at age 18, Jessies Koolibah was campaigned as a reiner and subsequently won the NSW Open and Open Non-Pro Championships.

Jessies Koolibah Q-3075 was a double bred, proven King P-234 bred stallion. Jessies Koolibah was laid to rest in a grove of trees along Spring Creek by his breeder, friend and AQHA Hall of Fame inductee, Chilla Seeney.

Reining Progeny:

Jessie's Recall
